TOWNSHIP

Long Creek

The neighborhood of Long Creek has been created on a heavily wooded 25-acre site which features a dense canopy of towering generational oaks, coastal pines and native vegetation. An interior park system provides a quiet setting for relaxation or socializing with the neighbors. Residents can stroll to Village Center via a boardwalk connection that crosses over an adjacent tidal creek

Neighborhood Features Include:

- A variety of homesites offering wooded, preserve and park views
- A neighborhood park with pedestrian walkways and sitting areas
- Architectural guidelines to influence and enhance the aesthetic quality and long term value of the community
